**Address:** Beetroot St. GT- 306-6354 Terna-West Ghana, 00233, Accra, Ghana (Home)

## ● ABOUT ME

---

I am Canathy Patrick Kofi, an aspiring IT Support Specialist and Web Developer passionate about creating innovative digital solutions. With experience in web design, system management, and troubleshooting, I have developed projects like a smart agricultural monitoring system and the Medico Medical Supplies website. Skilled in front-end development, and creative tools like Photoshop and Canva, I strive to craft functional and visually appealing solutions while continuously expanding my tech expertise.

## ● WORK EXPERIENCE

2022 - CURRENT Terna, Ghana

**FREELANCE WEB DEVELOPER CITY SQUARE TECH**

---

1. Design, build, and maintain custom websites tailored to client requirements.
2. Meet with clients to understand their business goals and technical needs.
3. Perform testing, troubleshoot issues, and ensure cross-device functionality.

09/2023 - 12/2024 Terna, Ghana

**IT SUPPORT TEMA GENERAL HOSPITAL**

---

1. Provided comprehensive IT support to employees, resolving hardware, software, and network issues promptly and effectively.
2. Diagnosed and troubleshooted technical problems, on-site, ensuring minimal downtime and optimal productivity.
3. Managed IT infrastructure, including servers, routers, and printers, ensuring seamless operation and security.

12/2022 - 04/2023 Sakurnono, Ghana

**IT SUPPORT INTERN L'AINÉ SERVICES**

---

1. Provided technical support to employees, resolving hardware and software issues efficiently and ensuring smooth IT operations.
2. Conducted system updates, upgrades, and equipment deployments to maintain optimal performance and functionality.
3. Collaborated on IT solutions, improving system performance and user experience, while performing regular maintenance and backups to ensure infrastructure security.

● **EDUCATION AND TRAINING**

---

**Website** <https://www.codtechitsolutions.com/>

10/2024 - 12/2024 Accra, Ghana  
**WEB TECHNOLOGY** GI-KACE

---

**Website** <https://gi-kace.gov.gh/>

● **PROJECTS**

05/2023 - 09/2023  
**Smart Agriculture Monitoring System**

---

Developed a smart system to monitor environmental factors such as soil moisture and temperature, enabling farmers to optimize crop growth and resource usage through real-time data collection.

06/2024 - 06/2024  
**Website for Medico Medical Supplies**

---

Designed and developed a website for a company that deals in local shea butter, groundnut paste, and medical equipment supplies. The site includes a user-friendly interface for better customer engagement.

**Link** [www.medicomedicalsupplies.com](http://www.medicomedicalsupplies.com)

08/2024 - CURRENT  
**Website for Terna General Hospital**

---

The ongoing website development for Terna General aims to create a modern, user-friendly platform that enhances the hospital's online presence and service delivery. The site will feature essential sections such as department information, patient services, and contact details, ensuring easy navigation for both patients and visitors. It will also incorporate interactive elements like appointment booking, leadership profiles, and a gallery to showcase hospital activities. The design prioritizes responsiveness,

accessibility, and engaging user experiences to support Tema General's mission of delivering quality healthcare.
